Did You Know?

Medical research confirms 1 oz. of Ningxia Red improves eyesight, balances blood sugar, assists in liver function, helps with cholesterol, and rebuilds healthy cells.

Did you know that 1 oz. of NingXia Red is equal to:

- 34 large onions
- 55 oranges
- 814 blueberries
- 22 medium carrots
- 10.85 pounds of spinach
- 55.33 pounds of almonds
- 59 broccoli florets
- 73 medium strawberries
- 93 apples
- 130 tomatoes?

I don't know about you, but I cannot eat all that in ONE day, which is why I start every single day with 1 oz. of NingXia Red and finish my work day with another ounce. Testimony Time

"I had the hiccups really, REALLY bad a few nights ago. I tried a few things to get rid of them like holding my breath, taking sips of water, etc. They went on for about 30 minutes before I decided to go to my oils for help. I looked in the reference book and I did not have any of the oils that were recommended. As I stood there in front of my oils, I remember Jessica Jacobs saying in one of her online classes to use what you have. As I looked at what I had, I decided to go for the Peace and Calming. I rubbed it all down the center of my chest from my throat to my belly button. Within seconds, they were gone! I couldn't

believe it, so I stood there for about 5 minutes before crawling back in bed. Sure enough, they were gone! I was telling my mom about it and the very next day, my baby niece had the hiccups. My mom used Peace and Calming on her chest and within a minute, hers were gone as well. I love my oils and sharing these amazing gifts!"

Precautions and Warnings

- Never put oils in your ear canal or in your eyes. In the event that you get oils in your eyes, get a fatty oil and use it around your eye. It will draw out the oil. In the event that you get oils in your ear canals, put a fatty oil on a q-tip and carefully put it in your ear. The fatty oil will draw out the oil in the ear.
- Before using a new oil, ensure your carrier oil (vegetable, coconut, almond) is nearby in case of skin sensitivity.
- Citrus oils are photosensitive. Do not expose sun to area where citrus oils were applied for at least 12 hours.
- Do not buy essential oils from places such as eBay or Amazon. Do so at your own risk.
- Any and all references to oils are specific to Young Living Essential Oils (YLEO).
